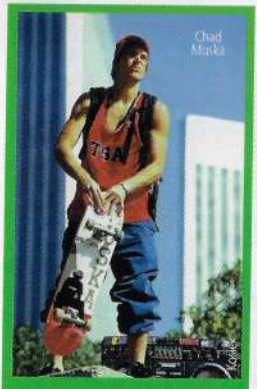
CCS MAILORDER FACTS

At CCS we are skateboarders and have been selling the top skateboard products since 1975. Here's some things you might like to know . . .



see TSA Sole Shirt on page 60

WHY CCS MAILORDER?

The no-hassle factor, the product is exactly what you want, the phone call is free, you don't need a parking place, and your stuff comes directly to your door. How simple can it get?

Most orders ship within 48 hours. So for some places, you can order on Monday and have your new stuff by the weekend. Ask your salesperson how long shipping usually takes to your city.

Bill Pepper

We do our best to try and not carry **graphics and designs** that may be offensive to anyone. However, skateboarding has always celebrated the individual and has supported non-mainstream ideas. Please keep this in mind when looking through the catalog. We have tried to provide many choices in each product category so you can find something appropriate for you. If you have any questions on a graphic or design, call our sales staff. They will be glad to help you.

Is an item in stock? When we take your order, we'll let you know and when you can expect to receive it. If we are out of an item, we will **backorder** it for you and ship it automatically when it comes in — charging you only when we ship.

Shop the web. It's easy . . .

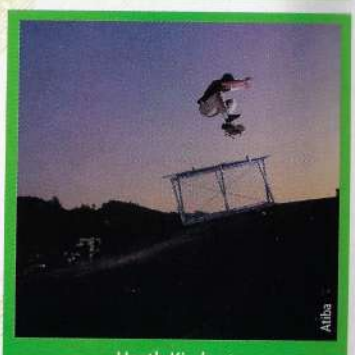
Bob Burnquist

It's faster to order by phone. *But if you prefer to mail* your order, we will try to process it within 24 hours of receipt and then ship within 48 hours. We will notify you by mail if you ordered an item that is not in stock. We can ship when available or refund your money — your choice.

you don't live in California, no sales tax is added.



Heath Kirchart

*We want you to **be happy with your purchase**. If for some reason you are not, read the return instructions on the order form. Or, call customer service at 1-800-477-9283.*

Can we brag a little? Nobody has the selection of great products we have. But that's not luck. We spend hundreds of hours testing and selecting products for you to choose from (yea, we know how lucky we are), just to be sure we have absolutely the ***newest and best*** stuff so we won't disappoint you.

DECKS come with free grip tape of your choice—see page 21. Decks are available with wood or slick bottoms and come in a variety of sizes, listed with each deck. Wood decks are constructed of 7-ply maple. Slicks have an additional thin layer of plastic on the bottom which allows them to slide easier. Personal preference and experience best determine what size deck you should ride. Background colors on decks may vary. The decks on pages 6-12 and 24-25 are good for all types of skating.

BUILD A CUSTOM COMPLETE Step 1—Decks. Choose any deck from pages 6-13 or 24-25. Write your choice on the "Custom Complete Skateboard Order" form. The complete price listed under each deck includes premium parts, silver trucks and any $5.99 wheel. You can upgrade your complete for additional cost—look for the ⓤ symbol on pages 13-16, 20 & 22. See pages 24-25 to build your own CCS Brand complete. Next go to Step 2—Trucks on page 15.

LONGBOARDS / BIG & SOFT WHEELS

Good for cruising and transportation. Big and soft wheels complement longboards by rolling smooth and fast. For best results use extra risers and wider trucks. CCS recommends Independent 156mm, 166mm, or 215mm trucks. Choose a truck with an axle width close to your deck width. To build a complete, follow the instructions on the "Custom Complete Skateboard Order" form.

TRUCKS

SILVER $16.99 EACH COLORED $18.99 EACH

Trucks come in various heights and widths. Truck axle width should be closely matched to your deck width—or just a little wider. Truck heights only differ by about 1/4". If you use bigger wheels then you should either use higher trucks, risers, or both to avoid wheelbite (contact of wheel with deck).

WHEELS $55.99 each (unless otherwise noted)

There are two things to consider when choosing a wheel: the size and the hardness. The size is the diameter (height) measured in millimeters. The hardness is measured using the "A" durometer scale. The higher the number, the harder the wheel . . . the lower, the softer. Most of our wheels are good for street, ramp, and technical skateboarding. For cruising, look for big and soft wheels on page 13.

DECK GRAPHICS, DIMENSIONS & COLORS: Pros frequently come out with new deck graphics or change the dimensions of their deck. If you're set on the specific graphic shown, check with us to see if the pro has changed it. If deck dimensions change slightly (under ½") then we will send you the new shape, but if the shape changes drastically we will inform you of the change. And just to keep things interesting, the graphics and background colors of deck and wheel graphics will vary from one to another.

CLOTHING SIZES & COLORS: Everyone has their own idea of what XL really is. When ordering through the mail, a good rule of thumb is that bigger is better. Solid colored clothing comes in an assortment of colors, so we let you pick. Plaid or striped items may be different than pictured–if so we will pick one for you. Shades of colors may slightly vary from those pictured.
